Risk Statement

Sailing, powerboating and associated activities are, by their nature, unpredictable and therefore inherently involve an element of risk. By participating, you are aware of the inherent element of risk involved and you accept responsibility exposing the participant to such inherent risk whilst taking part. The participant will comply at all times with the instructions of the instructors and safety crew, particularly with regard to all aspects of safety. If required GST LBG staff will take necessary action to ensure everyone's safety.

You will provide any relevant medical or behavioural information. Any information will be treated confidentially and only shared with the instructors on the course. Information relating to behaviour and learning styles can help us ensure that the students enjoy and benefit from their time at the GST LBG.

By submitting this booking, as a participant or a parent/guardian/carer of the named participant:

- You give your permission to GST LBG instructors/staff to administer to the named participant first aid treatment if necessary.
- If the need arises you understand that the GST LBG will call an ambulance for the named participant.
- If the need arises following an incident the parent/guardian/carer will be available to collect the named participant from the GST LBG premises.

During sailing courses, there may be times where related activities take place, such as swimming and raft building (wearing buoyancy aids at all times). Scheduled activities will always take place under supervision of our instructors. While it is not essential that students are strong swimmers, all participants must be sea water confident. The GST LBG will not be responsible for loss, damage or injury resulting from any activities outside of the scheduled activities and course times.

Risk Assessments can be found on our website under [Policies](#).
